

Configuration Menus

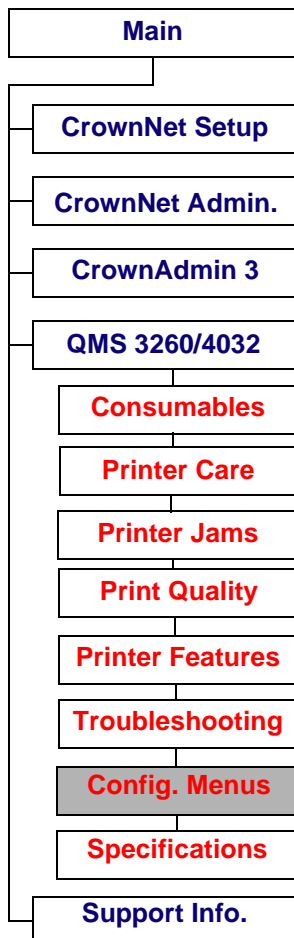

You may use this section as a quick reference for understanding and navigating the menu structure of the QMS 3260/4032 Print System. The following menu charts are provided in this section:

- Installation Menu
- Operator Control Menu
- Administration Menu

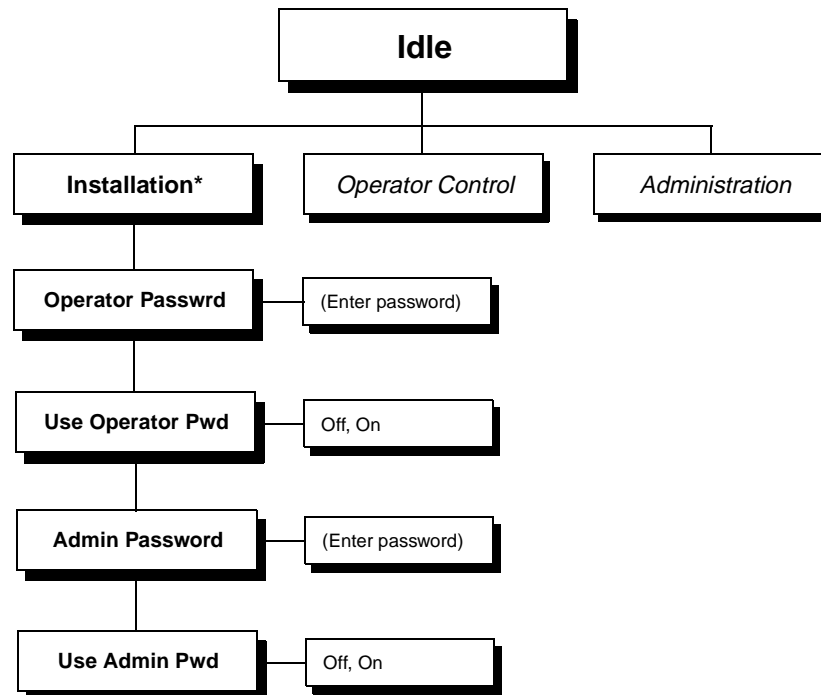

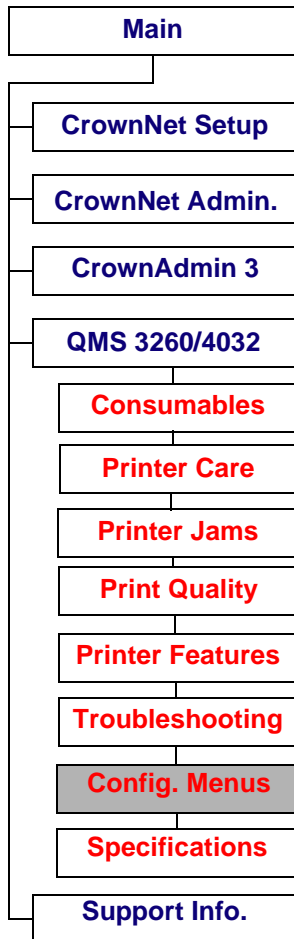

Menu Chart Conventions

The following conventions are used in the menu charts:

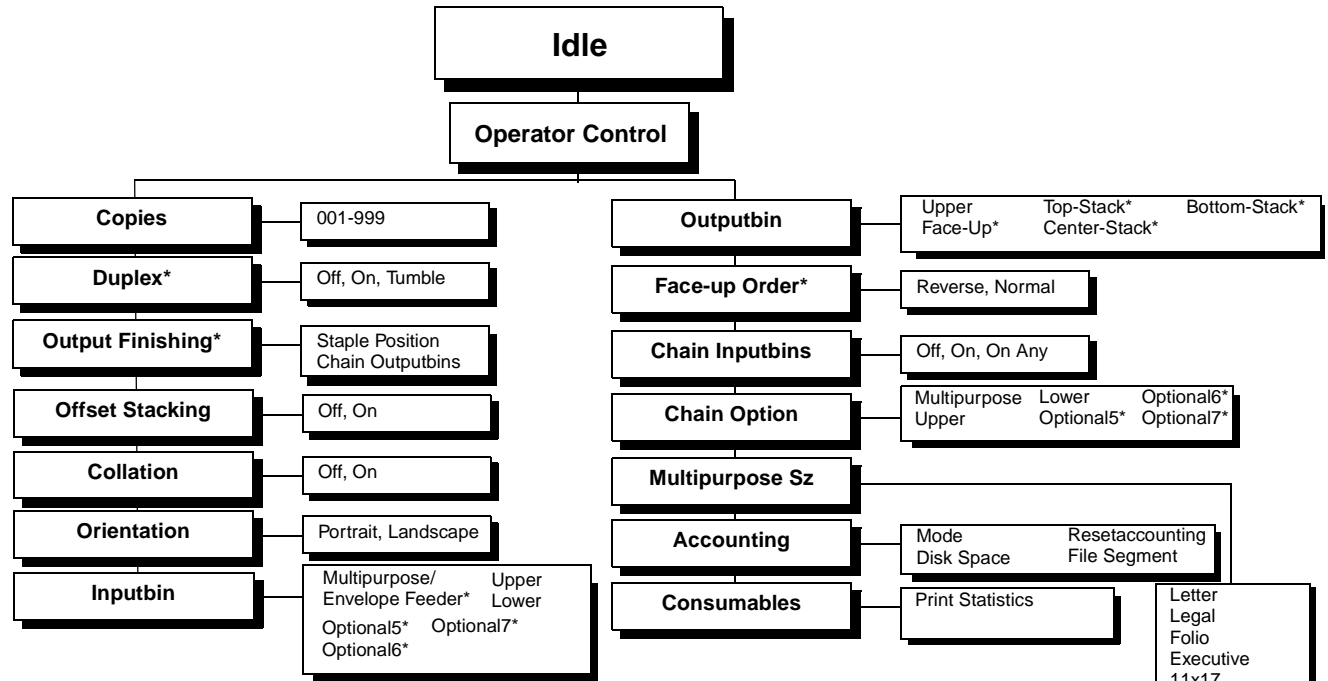

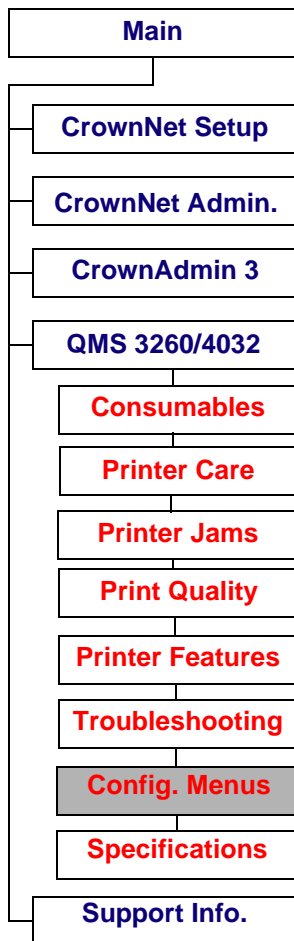

- Some menu selections are marked with an asterisk (*). These selections will only appear on your print system if the specified option is installed.
- These menu charts show only the top-level menus. See chapter 2, “Printer Configuration,” of the *Reference* guide for detailed information on a menu selection’s options.

Installation Menu

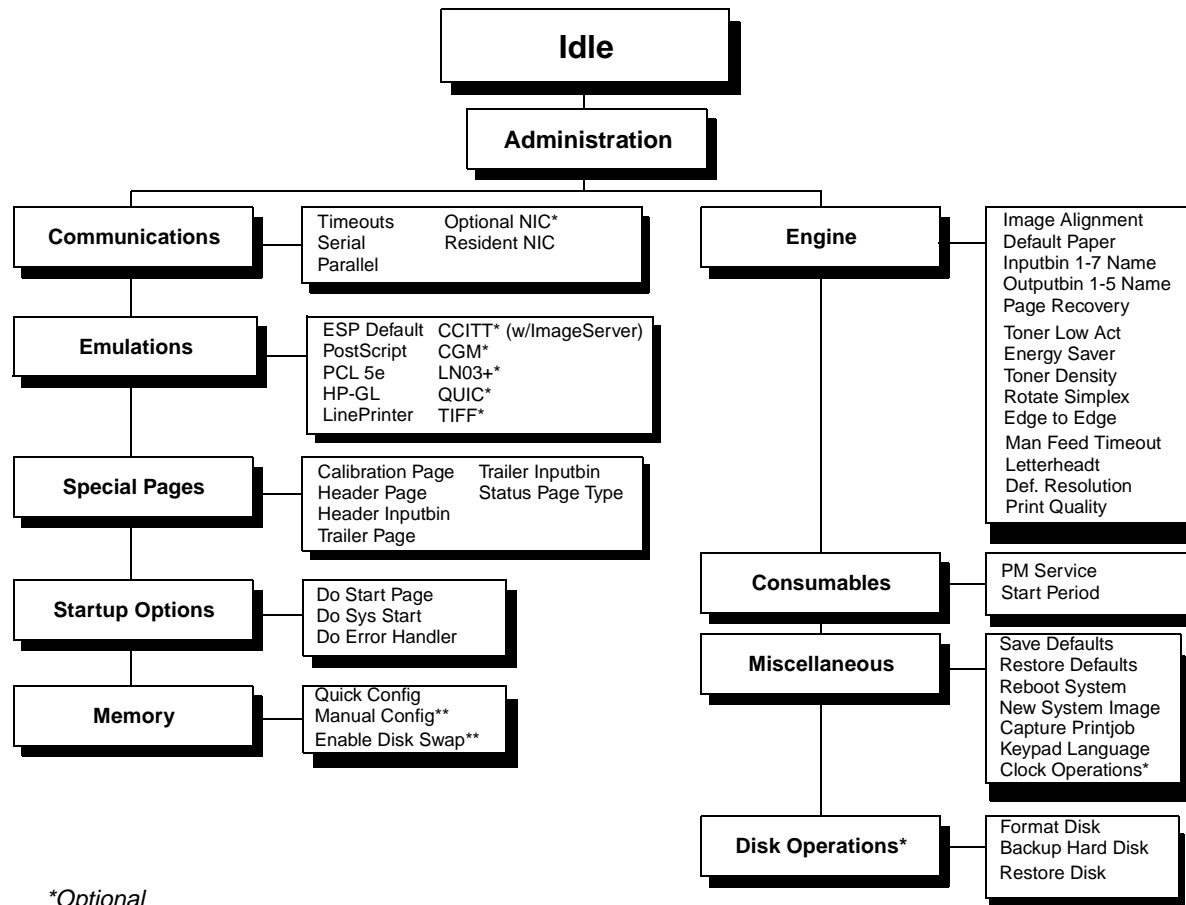

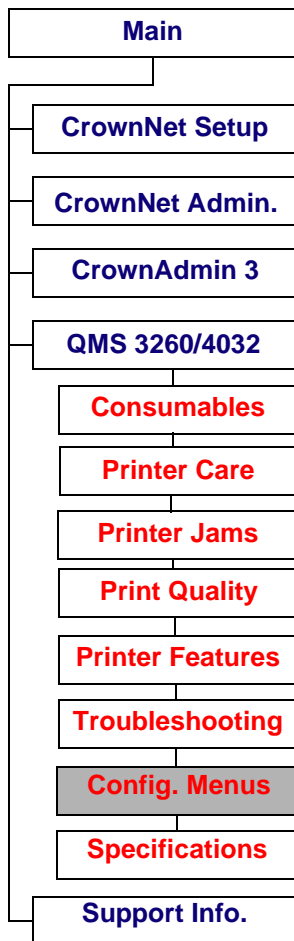

Operator Control Menu

**Optional*

Administration Menu
